The First National.

The First National bank, one of Abilene's strongest financial institutions, at its annual election of officers Wednesday made a few changes. Mr. Theo. Mosher, cashier, resigned in order that he may have more time to look after his extensive mining interests in Colorado and Mr. Harry A. Hayes, one of the bank's most trusted employees, was elected to fill the position.

The following corps of officers was elected for the ensuing year: President, J. E. Bonebrake; vice-president, G. W. Hurd; cashier, H. A. Hayes; directors, Theo. Mosher, G. W. Hurd, J. W. Baker, H. A. Hayes, J. E. Bone-

Glad to Get Back.

A Mr. Nitchman, formerly living on East Fourth street, this city, has furnished recently a practical proof of the attractiveness of Kansas for the sojourner within her boundaries. About three weeks ago he became discouraged | Central Kansas Fair Association, approwith things hereabouts and concluded that he would go "back east" where everything was (in his mind's eye) flowing with milk and honey, like unto Canaan of old. He packed up his household goods and departed, never, so he said, to set foot in the Sunflower State again. S. FORD, COUNTY SUPERINTENDENT The Chapman school building has received extensive additions this winter. Next Saturday is held the quarterly teachers' examination in the central school building, Abilene.

It is to be hoped that the reorganization of the Garfield Normal college at Enterprise will not interfere with the sefulness of that institution. The average wages paid the male

eachers of Kansas have, in the past year, decreased \$1.10 per month and female 20 cents-due no doubt to hard times.

The teachers' institute at Herington Feb. 2d, should be well attended. The sessions will be held in the new school building just completed, in which the teachers have this week begun holding their schools.

The project of the State printing and furnishing the school books as contemplated in a bill before the Legislature is not meeting with much favor. The fact is the scheme has not proved successful in the States where it has been tried.

TEACHERS' INSTITUTE.

The institute at Highland last Satirday was well attended, although the weather was very disagreeable. The following teachers were present: J H Niesley, W E Binder, J B Meserve. Thos McConnell, C E Rugh, Peyton Carter, Levi Humbargar, W I Early, Emil Grosser, A C VanDyke, W H Fleck, Maude King, Flo Sutherland, W M Campbell, Anna G Engle, Esther

Lattin, Lizzie Smith, Lida Humble. Mr. J. H, Niesley, president, called he meeting to order, and after music by the choir and prayer by C. Rugh, Mr. O. W. Kirby, in a short but very appropriate address welcomed the teachers to the district, to which the teachers responded in a very emphatic manner at the noon hour by partaking heartily of chicken, ham, turkey, souse. pickles, fruits, pies, cakes, ice cream, etc. The ladies of Highland know how to prepare a good dinner and the teachers were not slow to show their

appreciation of the same. At 2 p. m. the institute was ready to proceed with the program and W. H. Fleck introduced the subject of analysis and diagramming, He was followed by A. C. VanDyke and others, all of whom thought that diagramming should receive considerable attention.

Mr. Thomas McConnell read a carefully prepared paper on the "Use of Newspapers in the Schools." He thought that newspapers are usually freighted with so much that is demoralizing, and so many of them owned and controlled by men who do not care for right, and whose highest ambition is to advance their own interest or that of some clique, that it is not safe to put them into the hands of our children in the schools. Several persons took issue with Mr. McConnell and expressed themselves as being heartily in favor of the use of newspapers in the school. They said that while there are some things in newspapers which are not good literature for boys and girls, there are thousands of good things which they must have. The teacher should direct the pupils in their reading, and should insist

upon their reading the newspapers. The selections from Tennyson were recited by John Meserve and Levi Humbargar, after which sentiments from the same author were given by the teachers and by the pupils of the district. In this exercise the pupils responded more readily than the older persons.

C. E. Rugh handled the subject, Shall We Teach Music?" He had ried to teach music in his school last year but for lack of energy in the teacher he had given it up as a failure. He went into his school this year determined to teach music every day and so far was meeting with good success and had no fears for the future. He thought that every teacher should occupy ten or fifteen minutes each day to this subject. Mr. L. Humbargar thought that the teacher had no time to spend with music. He had enough to do to teach the other

Mr. J. H. Niesley next read a paper on "Astronomy" which was very interesting and showed a familiarity with

the subject. The evening session was one of the best that we have had this year.

The music for the day and evening was especially fine. Miss Anna Bradfield presided at the organ for the choir and Miss Katie Lower for the

Miss Flo Sutherland cheerfully performed the duties of secretary. Dave Curts as "Prof. Clawhammer' gave a very good stump speech.

The usual resolutions were adopted.

This morning the family of W. H. Ausherman, of Cheever township, was made sorrowful by the death of the sixyear-old son. Johnnie. The little one was a much loved child and the blow is a hard one upon the bereaved father and mother.

Upstairs in old postoffice block. The dry cold weather of the early winter months is productive of a great leal of croup among children. Mothers should be on the lookout for it, and be prepared to arrest it as soon as the first symtoms appear. True croup never comes without warning; a day or two before the attack the child will become loarse, and that symtom is soon folowed by a peculiar, rough cough. If Chamberlain's Cough Remedy is given as soon as this hoarseness or cough appears, all danger and anxiety may be avoided; it has never failed, even in the most severe cases. There is no danger in giving the Remedy for it contains no injurious substances. For sale by Barnes & Northcraft.

Many persons contract severe colds during the early winter months and allow them to hang on persistently all winter; weakening the lungs and pavng the way for catarrh, chro. ic bronchites or consumption.
